בשת איש has been murdered in cold blood.....

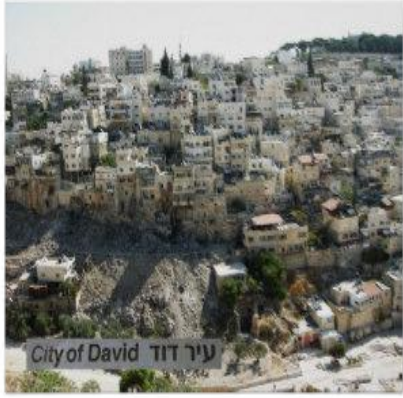

Update: The murders have been identified as רבנה & רב, בנימין'ס שבט. They wanted to finish שאול'ס descendants off once and for all! These two wicked men dared to show their faces in front of דוד המלך, joined by the head of איש בשת! בשת המלך's eyes popped out at this scene, his expression was unforgettable, horrifying and horrendous, he roared at them; the whole palace shook, people stopped working and started running in panic, as if an earthquake had taken place. דוד המלך said, 'don't you remember was happened to דואג?!

He was seeking honour, respect, power and fame, but he came to a bitter and unfortunate end! Do you realize what a righteous man he was?! He was so wise and knowledgeable in Torah, how could you have done this?! רבנה & רב were shaking; terrified of what awaited them, they fell on their faces, begging, pleading innocent and pouring their eyes out. דוד המלך had zero mercy " you think you can just stand there, pleading with me, do you know what a terrible sin you have done?! You have murdered a גדול הדור in cold blood! For what?! Seeking power?!

You will be punished for this outrage in this world and the world to come. How dare you?!" He was fuming mad, turned to his minister, whispered something and continued, "So you think you can just murder anyone you like and get away with it, eh? I will show you! Guards grab these evil plotters, chain them up! Chop off their hands and feet and hang them for all to see in חברון! The guards grabbed them, took them out of the palace and into the murderer quarter, chopped their hands and feet off. It was the most horrific sight ever! They were then dragged into the carriage and hung them in the city centre of חברון for all to see. People are in panic; who was behind this horrific plot? Was it רבנה & רב or דוד המלך??

דוד המלך has gone to war...will he win?

UPDATE: דוד המלך just fought the most memorable war in history! The Yevusim, who owned what is now called Ir Dovid, told דוד המלך that he cannot pass until he destroys Urim vepischim. Now you may be wondering what irim vepischim is, they were two statues of Yakov-lame and Yitzchak-blind and in the mouth said, 'you shall not drive out the Yevusim from Yerushalayim'. This meant that דוד המלך had to remove the covenant made many years ago.

The place where the Yevusim lived was in a fortress, but the fortress was very tall and hard to climb, so in order to get rid of the Urim vepischim, the entire army would have to try to climb, which would be an almost impossible feat. The Yevusim were also shooting arrows, shooting catapults and spears to defend themselves. They started trudging uphill, when they halted, skidding in all directions.

Then Yoav ran downhill, took a rope, tied a tall tree to the ground, grabbed an axe and cut the rope attached to the tree, which was attached to the ground by the rope. He then cut the rope and sprung in the direction of the Yevusim's fortress, sword in his hand wiping out every one of them and announcing victory. דוד המלך then ordered builders to build up a whole new city, called Ir Dovid.

The Pelishtim have once again dared to wage war against us. דוד המלך has bravely gone out with strong and brave soldiers to gain victory and redeem Eretz Hakodesh from misery, slavery and captivity.

דוד המלך and his brave army have just witnessed a great miracle that has been performed by the almighty.

דוד המלך first went to the urim vetumim to ask whether to go out to war or not, the answer was strange and mysterious.... 'You may go out to war against them, go behind them BUT do not start to fight until you hear the sound of treading of the mulberry trees'.

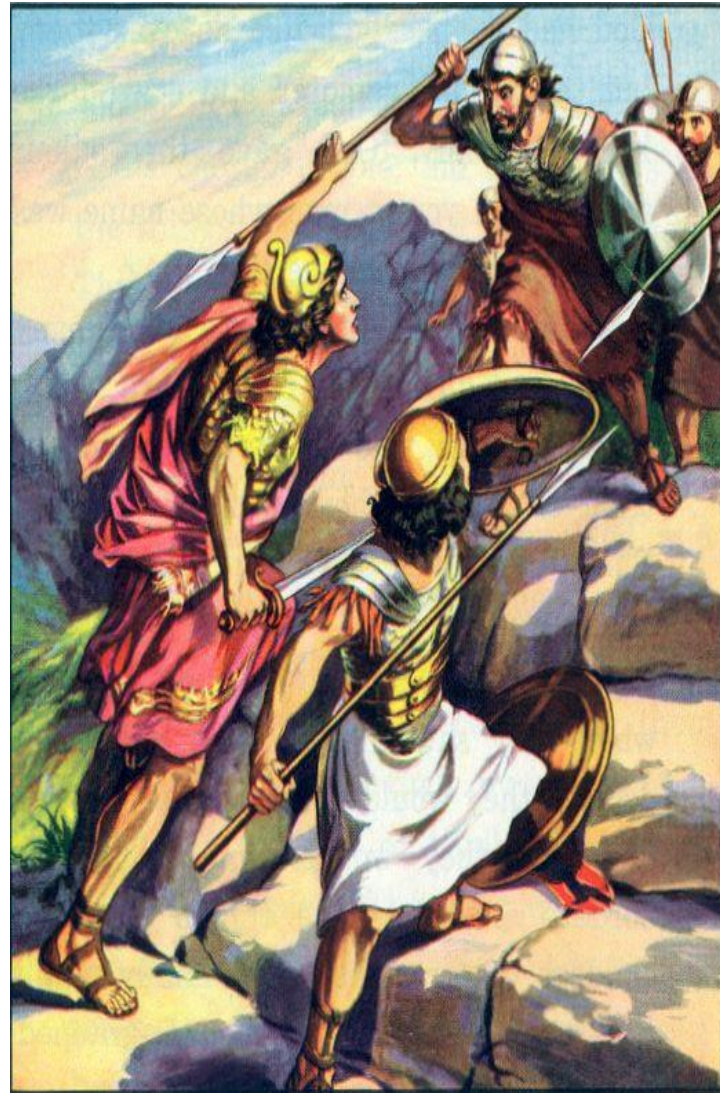

When it was finally time to go out and fight דוד המלך gave the exact directions over to his fellow soldiers and as they gathered to fight in the valley of Raphaim, but remembering the words of Hashem, they walked so close to the Pelishtim you would've thought they were going to C'V surrender! But all of a sudden there was the sound of a voice treading in the mulberry trees and they began the most amazing and victorious battle in history! They fought like lions!

You may be asking yourself, what were those voices in the mulberry trees? How did דוד המלך have the guts to wait until he got so close! Why did he take such a risk?

The voices in the mulberry trees were really the Malachim coming to help BN"Y win the war! דוד המלך believed so strongly that whatever Hashem commands him to do is always the best alternative, you don't even think twice about the commands of Hashem, you just DO you do not contemplate.

דוד המלך shows us a great message here; it is much better to die a Tzaddik and listen to the words of Hashem, rather than to live a Rasha and disobey Hashem C'V!
