## **OPPORTUNITY #7** **Bochurim Placement for Tishrei!**

As in past years, The Shluchim Office is offering bochurim placement for the Yom Tovim. The bochurim are available to help you in numerous capacities (bal tefillah, special programs, mitzvot, and many more possibilities) depending upon your needs and their skills and abilities.

By utilizing our temporary placement service, you are saved the time and expense of recruiting your own bochurim. The Shluchim Office collects the names and qualifications of interested bochurim. When a Shliach requests our assistance in bochur recruitment, we match the Shliach's needs with the skills and abilities of bochurim who have registered with us.

The Shluchim Office maintains a list of suggested guidelines to promote a better understanding of the expectations of everyone involved. Once the connection has been made it is the responsibility of the Shliach to finalize the arrangements. The Shluchim Office cannot assume any responsibility for the success of a bochur or girl, but we do our best to suggest candidates that will be a good fit with your needs.
