

Bring **peace** to your home,
to **Israel** and the entire world

Contents: **Three Shabbat candles,**
descriptive brochure with blessings in Hebrew,
English and transliterated Hebrew.

**Shabbat candles have the unique capacity to bring peace into the home,
and into our world.** Our grandmothers and great-grandmothers have known this
for thousands of years.

Candle lighting is a time when prayers are heard ... a time when Jewish women
focus on family, friends, health and all the things that matter most.

Light Shabbat candles every Friday evening before sundown. Think of your children,
your parents, your siblings, your friends, your world.
