

Dear Friends,

The anniversary of a great leader's passing (his "yartzeit") is a special time to deepen our connection to him. Each year, people from around the world take advantage of this opportunity as they commemorate the passing of the Lubavitcher Rebbe, Rabbi Menachem Mendel Schneerson, on the Third of Tammuz, 5754 (June 12, 1994).

Anyone who had the fortune to meet him during his lifetime can relate the unparalleled attention, love and kindness that the Rebbe freely offered both Jews and non-Jews from every walk of life—regardless of their background, situation or degree of religious involvement. All attest to the extraordinary peace, inspiration and direction which this outstanding righteous leader offered unconditionally throughout his life.

Our Sages declare that "the Righteous are even greater after their passing than during their lifetime," and the constant stream of visitors to the Rebbe's resting place (the "Ohel") from every sector of the Jewish nation testifies to the powerful truth of their words. The Ohel has become a center for self-discovery, where thousands continue to receive inspiration, blessing and guidance through the moments they spend with the Rebbe.

On Sunday, June 27 of this year, in honor of the tenth anniversary of the Rebbe's passing, communities all over the world will host special programs. In New York, many national and international visitors will join us in a special program that will commence with a visit to the Ohel followed by a tour of the Chassidic community and Chabad-Lubavitch Headquarters in Crown Heights, Brooklyn. Highlights will include stops at the Rebbe's personal study, from which he served the Jewish people without respite for close to fifty years; and at the Agudas Chassidei Chabad library, one of the world's most extensive Judaica collections.

We are truly excited to offer you the opportunity to join us in this enlightening event. If you have any questions, please do not hesitate to contact us.

Wishing you success in all your endeavors,

ב"ה
